Objectives

Excellence in the practice of clinical neurology; specialization in the area of neuromuscular disease and EMG; superior service to patients with neuromuscular diseases.

Education

2003–2004	Cleveland Clinic Foundation Fellow, Clinical Neurophysiology, EMG and Neuromuscular	Cleveland, OH
1999–2003	Oregon Health Sciences University Resident, Department of Neurology	Portland, OR
1995–1999	McGill University M.D.C.M.	Montreal, Canada
1991–1994	Stanford University M.S. Biology, focus in neurosciences B.S. Biology and B.A. in Psychology, honors	Stanford, CA
1989–1991	Amherst College Undergraduate study in biological sciences	Amherst, MA

Work and Research Experience

2008–	OHSU Muscular Dystrophy Association Assistant Professor	Portland, OR
2004–	St. Vincent Medical Center Staff neurologist, private solo practice focusing on neuromuscular disease and EMG	Portland, OR
2003–2004	Cleveland Clinic Foundation 1. Fatigability of the pupil in Myasthenia Gravis, with Dr. Kamal Chémali. 2. Carpal tunnel syndrome in children, a case series, with Dr. A. Wilbourn.	Cleveland, OH
1999–2003	Oregon Health and Science University (OHSU) Neurology internship and residency	Portland, OR
1994–1995	University of Washington Research assistant, Alzheimer's Disease Research Center	Seattle, WA
1993, summer	Hopkins Marine Station Studies of kelp forest density and subtidal ecology	Monterey, CA
1992–1993	Stanford University Honors / Master's thesis project: <i>Visual Priming Memory Stores Are Independent of Stimulus Size</i>	Stanford, CA
1992, summer	Genencor, Intl. Crystallization / analysis of novel lipases and amylases	S. San Francisco, CA

Lectures

May 2004	“Myotonic Channelopathies” Neuromuscular Grand Rounds, CCF
March 2004	“Toxic Myopathies” Neuromuscular Grand Rounds, CCF
January 2004	“Spinal Muscular Atrophies: The Spectrum of Disease” Neuromuscular Grand Rounds, CCF
November 2003	“Diabetic Polyneuropathy: Mechanism and Novel Therapies” Neuromuscular Grand Rounds, CCF
October 2003	“Myotonic Dystrophies” Neuromuscular Grand Rounds, CCF
April 2003	“Inflammatory Myopathies: Approach to Diagnosis and Treatment” Neurology Department Weekly Conference, OHSU
October 2002	“Episodic Ataxias: A Review of the Literature” Neurology Department Weekly Conference, OHSU
February 2002	“Bioterrorism and Neurology” Neurology Department Weekly Conference, OHSU
September 2001	“Idiopathic Intracranial Hypertension: The Clinical Evaluation and Current Literature-Based Guidelines for Practice” Neurology Department Weekly Conference, OHSU
April 2001	“Creutzfeldt-Jakob Disease: Clinical Data and Theory” Neurology Department Weekly Conference, OHSU

Recognition

2001	ROSE Award (Recognition for Outstanding Service Excellence) Selected by patients, OHSU
------	---

Organizations and Licensure

1999–	American Academy of Neurology, active member
2003–2004	Ohio Board of Medical Examiners: limited license 57-006897
2003–	American Association of Neuromuscular and Electrodiagnostic Medicine (AANEM), Active member
2003–	Oregon Board of Medical Examiners, MD24784
2004–	American Board of Psychiatry and Neurology (ABPN), Diplomate
2005–	American Board of Electrodiagnostic Medicine, Diplomate
2005–	ABPN, Diplomate with subspecialty in clinical neurophysiology

Personal

Languages	Conversational Spanish and some French
Hobbies	Vocal music (solos, quartets and ensembles,) running and fly fishing
